INDEPENDENT AUDITOR'S REPORT

Members of the Board of Public Works
DBA ALP Utilities
Alexandria, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the Board of Public Works DBA ALP Utilities (the Board), a component unit of the City of Alexandria, Minnesota, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Board as of December 31, 2020 and 2019, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, the related note disclosures, and the Schedule of Changes in the Board's OPEB Liability and Related Ratios, starting on page 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management, discussion, and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Report on Summarized Comparative Information

We have previously audited the Board's 2019 financial statements, and we expressed unmodified opinions on the respective financial statements of the business-type activities and each major fund in our report dated March 30, 2020. In our opinion, the summarized comparative information presented herein for the respective proprietary fund financial statements as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's financial statements as a whole. The introductory section and supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 30, 2021, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The financial statements include the operations of the City of Alexandria Electric Utility, Water Utility and Fiber Utility funds, which are reported as a discretely presented component unit of the City of Alexandria, Minnesota, (the City). The Board provides electric, water and fiber/internet services and currently serves the City and limited surrounding areas. The funds are governed by the Board of Public Works DBA ALP Utilities, a five member board, all of whom are appointed by the City Council.

The accounting policies of the Board conform to the requirements of the Uniform System of Accounts of the Federal Energy Regulatory Commission and are in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting policies. The policies outlined below include those that have a significant effect of the financial statements and are in addition to those outlined in other notes to the financial statements.

The Board considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the Board's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The Board has no component units that meet the GASB criteria.

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Board's financial statements are reported using the *accrual basis of accounting* in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred.

The accounting and financial reporting treatment applied to the Board is determined by its measurement focus. The transactions of the Board are accounted for on the flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the balance sheets. Net position (i.e., total assets net of total liabilities) are segregated into invested in capital assets, net of related debt; restricted; and unrestricted components.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Board receives value without directly giving equal value in return, include grants, entitlement and donations. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Board must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Board on a reimbursement basis.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies (Continued)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The Board reports the following major proprietary funds:

The *Electric Utility fund* accounts for the costs associated with the Board's electric system and to ensure that user charges are sufficient to pay for those costs.

The *Water Utility fund* accounts for costs associated with the Board's water system and to ensure that user charges are sufficient to pay for those costs.

The *Fiber Utility fund* accounts for costs associated with the Board's fiber system and to ensure that user charges are sufficient to pay for those costs.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Board's enterprise funds are charges to customers for sales and services. The Board also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises or where the Board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position

Deposits and Investments

The Board's cash and cash equivalents are considered to be cash on hand, demand deposits and investments.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies (Continued)

The Board may also invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.
2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government Entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Broker money market funds operate in accordance with appropriate state laws and regulations. The reported value of the pools is the same as the fair value of the pool shares.

The Board categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Board's recurring fair value measurements are listed in detail on page 30 and are valued using quoted market prices (Level 1 inputs).

The Board has the following recurring fair value measurements as of December 31, 2020:

- Government agency securities of \$3,737,274 are valued using quoted market prices (Level 1 inputs)
- Negotiable certificates of deposit of \$3,202,398 are values using a matrix pricing model (Level 2 inputs)

The Board had the following recurring fair value measurements as of December 31, 2019:

- Government agency securities of \$6,773,494 are valued using quoted market prices (Level 1 inputs)
- Negotiable certificates of deposit of \$2,452,102 are values using a matrix pricing model (Level 2 inputs)

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies (Continued)

The Minnesota Municipal Money Market Fund is regulated by Minnesota statutes and the Board of Directors of the League of Minnesota Cities and is an external investment pool not registered with the Securities Exchange Commission (SEC) that follows the regulatory rules of the SEC. In accordance with GASB Statement No. 79, the City's investment in this pool is valued at amortized cost, which approximates fair value. There are no restrictions or limitations on withdrawals from the 4M Liquid Asset Fund. Investments in the 4M Plus must be deposited for a minimum of 14 calendar days. Withdrawals prior to the 14-day restriction period will be subject to a penalty equal to seven days interest on the amount withdrawn. Seven days' notice of redemption is required for withdrawals of investments in the 4M Term Series withdrawn prior to the maturity date of that series. A penalty could be assessed as necessary to recoup the Series for any charges, losses, and other costs attributable to the early redemption. Financial statements of the 4M Fund can be obtained by contracting RBC Global Management at 100 South Fifth Street, Suite 2300, Minneapolis, MN 55402-1240.

Accounts Receivable

Accounts receivable of \$977,921 and \$888,013 are recorded net of the allowance for doubtful accounts of \$83,904 and \$56,215 as of December 31, 2020 and 2019, respectively. Accounts are considered past due based on how recently payments have been received. Accounts of customers who have terminated their electric service are considered uncollectible and charged-off if no payment has been received after 60 days.

Inventories and Prepaid Items

Inventories are generally used for construction, operation and maintenance work rather than for resale. They are valued at lower of cost or market utilizing the average cost method and charged to construction or expense when used.

Certain payments to vendors (such as service and maintenance agreements) reflect costs applicable to future accounting periods and are recorded as prepaid items.

Restricted Assets

Certain proceeds of the Board's electric revenue bonds are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. The revenue bond debt service reserve account represents funds set aside to make up potential future deficiencies in the net revenues of the Electric fund.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the financial statements. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The Board maintains a threshold level of \$1,500 or more for capitalization.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects when put into service.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Property, plant and equipment are depreciated in the proprietary funds of the Board using the straight-line method over the following estimated useful lives:

Assets	Years
Land Improvements	30 to 50
Buildings and Improvements	30 to 50
Machinery and Equipment	5 to 30

Deferred Outflows of Resources

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Board has two items which qualify for reporting in this category. Accordingly, the items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position. These items result from actuarial calculations and current year pension contributions and OPEB contributions made subsequent to the measurement dates.

Compensated Absences

It is the Board's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred in the financial statements.

All full-time Board of Public Works' employees accumulate vacation hours for subsequent use or for payment upon termination or retirement.

Sick leave is accounted for in the following manner:

Sick leave is earned at a rate of one day per each calendar month of employment to a maximum of 120 days for both union and non-union employees. Upon leaving employment, employees will also have the option of having the Board apply their unused sick leave compensation toward their group health premiums until they reach age 65 or until the balance is depleted.

All employees will be paid for unused sick leave based on the lesser of a percentage of the unused balance determined by their years of service or 120 days of accumulated sick leave in the event of retirement, termination or death.

Postemployment Benefits Other Than Pensions

Under Minnesota statute 471.61, subdivision 2b., public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees may obtain dependent coverage immediately before retirement. All premiums are funded on a pay-as-you-go basis. The liability was actuarially determined, in accordance with GASB Statement 75, at January 1, 2020.

Long-term Obligations

In the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net position liability.

The total pension expense for the GERP for the years ended December 31, 2020 and 2019 was \$106,428 and \$283,873, respectively.

Deferred Inflows of Resources

In addition to liabilities, the statements of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Board has items which qualify for reporting in this category on the statement of net position. The items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position and results from actuarial calculations involving net differences between projected and actual earnings on plan investments and changes in proportions.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

- a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position - Consists of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted resources as they are needed.

Payment in Lieu of Taxes

The Board is exempt from federal and state income taxes. However, the Board makes an annual payment in lieu of taxes to the City. That payment is reflected as a transfer on the statements of revenues, expenses and changes in net position.

Presentation of Sales Taxes

The State of Minnesota imposes a sales tax of 6.875 percent on the Board's sales to nonexempt customers. The Board collects that sales tax from customers and remits the entire amount to the state. The Board's accounting policy is to exclude the tax collected and remitted to the state from revenues and costs of sales. The Board also collects a local Douglas County tax of 0.5 percent.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 2: Detailed Notes on all Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Board's deposits and investments may not be returned or the Board will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board, the Board maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all Board deposits be protected by insurance, surety bond, or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government Entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government Entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the government Entity.

At December 31, 2020 the Board's carrying amount of deposits was \$10,944,935 and the bank balance was \$11,040,625. Of the bank balance \$1,248,178 was covered by federal depository insurance. The remaining balances were collateralized with securities held by the pledging financial institution's trust department in the Board's name.

At December 31, 2019, the Board's carrying amount of deposits was \$8,391,798 and the bank balance was \$8,471,968. Of the bank balance \$1,244,900 was covered by federal depository insurance. The remaining balances were collateralized with securities held by the pledging financial institution's trust department in the Board's name.

Note 2: Detailed Notes on all Funds (Continued)

Investments

The investments of the Board are subject to the following risks:

- *Credit Risk.* The credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings are provided by various credit rating agencies and where applicable, indicate associated credit risk. Minnesota Statutes limit the Board's investments to the list on page 25 of the notes.
- *Custodial Credit Risk.* The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Board typically limits its exposure by purchasing insured or registered investments.
- *Concentration of Credit Risk.* The concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At December 31, 2020 and 2019, there were no investments in one issuer (other than investments issued by or explicitly guaranteed by U.S. government, mutual funds, external investment pools, and other pooled investments) that represent 5 percent or more of the Board's investment.
- *Interest Rate Risk.* The interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

As of December 31, 2020, the Board had the following investments that are insured or registered, or securities held by the Board or it's agent in the Board's name:

Types of Investments	Credit Quality/ Ratings (1)	Segmented Time Distribution (2)	Amount	Fair Value Measurement Using	
				Level 1	Level 2
Pooled Investments at Amortized Costs					
4M Fund	N/A	less than 6 months	\$ 5

E. Due to Alexandria Lakes Area Sanitary District (ALASD)

The Board collects revenue from customers of the Alexandria Lakes Area Sanitary District (ALASD). The collections are paid to ALASD monthly. Collections still owed by ALP Utilities to ALASD at December 31, 2020 and 2019 totaled \$569,922 and \$491,279, respectively.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 3: Defined Benefit Pension Plan - Statewide

A. Plan Description

The Board participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota statutes*, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

All full-time and certain part-time employees of the Board are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

B. Benefits Provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

General Employee Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989 receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. Beginning in 2019, the postretirement increase will be equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

C. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2020 and the City was required to contribute 7.50 percent for Coordinated Plan members. The Board's contributions to the General Employees Fund for the year ending December 31, 2020, 2019 and 2018 were \$227,803, \$227,298 and \$209,286, respectively. The Board's contributions were equal to the required contributions for each year as set by state statute.

Note 3: Defined Benefit Pension Plan - Statewide (Continued)

D. Pension Costs

General Employees Fund Pension Costs

At December 31, 2020, the Board reported a liability of \$2,548,069 for its proportionate share of the General Employees Fund's net pension liability. The Board's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the Board totaled \$78,554. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Board's proportionate share of the net pension liability was based on the Board's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2019 through June 30, 2020 relative to the total employer contributions received from all of PERA's participating employers. The Board's proportion was 0.0425 percent which was a 0.0012 percent increase from its proportion measured as of June 30, 2019.

Board's Proportionate Share of the Net Pension Liability	\$ 2,548,069
State of Minnesota's Proportionate Share of the Net Pension Liability Associated with the Board	<u>78,554</u>
Total	<u><u>\$ 2,626,623</u></u>

For the year ended December 31, 2020, the Board recognized pension expense of \$99,591 for its proportionate share of the General Employees Plan's pension expense. In addition, the Board recognized \$6,837 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At December 31, 2020, the Board reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources, related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 22,623	\$ 10,066
Changes in Actuarial Assumptions	177	93,101
Net Difference Between Projected and Actual Earnings on Plan Investments	46,459	-
Changes in Proportion	58,948	14,490
Contributions Paid to PERA Subsequent to the Measurement Date	<u>115,546</u>	<u>-</u>
Total	<u><u>\$ 243,753</u></u>	<u><u>\$ 117,657</u></u>

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 3: Defined Benefit Pension Plan - Statewide (Continued)

The \$115,546 reported as deferred outflows of resources related to pensions resulting from the Board's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2021	\$ (137,330)
2022	19,367
2023	66,950
2024	61,563

At December 31, 2019, the Board reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 68,140	\$ 1,482
Changes in Actuarial Assumptions	2,273	184,646
Net Difference Between Projected and Actual Earnings on Plan Investments	-	235,603
Changes in Proportion	4,667	35,079
Contributions Paid to PERA Subsequent to the Measurement Date	114,930	-
Total	<u>\$ 190,010</u>	<u>\$ 456,810</u>

The \$114,930 reported as deferred outflows of resources related to pensions resulting from the Board's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2020	\$ (140,905)
2021	(200,601)
2022	(43,904)
2023	3,680

E. Actuarial Assumptions

The total pension liability in the June 30, 2020, actuarial valuation was determined using an individual entry-age normal actuarial cost method and the following actuarial assumptions:

Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 3: Defined Benefit Pension Plan - Statewide (Continued)

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2014 tables for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25 percent per year for General Employees Plan.

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2019.

The following changes in actuarial assumptions occurred in 2020:

General Employees Fund

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions

- Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 3: Defined Benefit Pension Plan - Statewide (Continued)

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Stocks	35.5 %	5.10 %
Alternative Assets (Private Markets)	25.0	5.90
Bonds (Fixed Income)	20.0	0.75
International Stocks	17.5	5.30
Cash	2.0	-
Total	<u>100.0 %</u>	

F. Discount Rate

The discount rate used to measure the total pension liability in 2020 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Pension Liability Sensitivity

The following presents the Board's proportionate share of the net pension liability for all plans it participates in for 2020, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	Board's Proportionate Share of NPL		
	1 Percent Decrease (6.50%)	Current (7.50%)	1 Percent Increase (8.50%)
General Employees Fund	\$ 4,083,671	\$ 2,548,069	\$ 1,281,321

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 3: Defined Benefit Pension Plan - Statewide (Continued)

The following presents the Board's proportionate share of the net pension liability for all plans it participates in for 2019, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	Board's Proportionate Share of NPL		
	1 Percent Decrease (6.50%)	Current (7.50%)	1 Percent Increase (8.50%)
General Employees Fund	\$ 3,753,761	\$ 2,283,384	\$ 1,069,296

H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Note 4: Postemployment Benefits Other Than Pensions

A. Plan Description

The Board administers a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides healthcare insurance for eligible employees and their spouses through the Board's group health insurance plan. The Board engaged an actuary to determine the Board's liability for postemployment healthcare benefits other than pensions as of January 1, 2020. The Retiree Health Plan does not issue a publicly available financial report.

B. Funding Policy

The Board does not provide healthcare coverage for retired employees. Rather, it allows employees who separate from ALP Utilities employment due to retirement or disability, access to the coverage; however, that coverage is paid for at the former employees' expense.

C. Actuarial Methods and Assumptions

The Board's total OPEB liability of \$67,154 was measured as of December 31, 2020, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of December 31, 2020. Roll forward procedures were used to roll forward the total OPEB liability to the measurement date.

The total OPEB liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	2.75%
20-Year Municipal Bond Yield	2.75%
Inflation Rate	2.50%
Medical Trend Rate	6.40% in 2019 grading to 4.00% in 2075

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 4: Postemployment Benefits Other Than Pensions (Continued)

The discount rate used to measure the total OPEB liability was 2.75 percent. Expected benefit payments by year were discounted using the Fidelity20 -Year Municipal GOAA Index because it meets the GASB requirements and is based on a large amount of municipal security data.

Mortality rates were based on the July 1, 2018 PERA of Minnesota General Employees Retirement Plan actuarial valuation. Mortality rates were based on the RP-2014 mortality tables with projected mortality improvements based on scale MP-2017, and other adjustments.

Health care cost trend rates were developed using the Society of Actuaries "Getzen" model, with short-term rates set annually based on review of recent health care trend surveys and relevant client-specific experience.

D. Changes in the Total OPEB Liability

	2020 Total OPEB Liability (a)	2019 Total OPEB Liability (a)
Beginning Balances at December 31	\$ 55,829	\$ 86,780
Changes for the Year:		
Service cost	5,537	6,842
Interest	2,277	3,099
Differences between expected and actual experience	-	(17,950)
Changes in assumptions or other inputs	3,511	(22,942)
Net Changes	11,325	(30,951)
Ending Balances at December 31	<u>\$ 67,154</u>	<u>\$ 55,829</u>

Since the prior measurement date, the following assumptions changed:

- The discount rate was changed from 3.71% to 2.75% based on updated 20-year municipal bond rates.
- Healthcare trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims costs were updated to reflect the recent experience.

Since the prior measurement date, there were no changes in benefit terms.

E. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the Board in 2020, as well as what the Board's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.75 percent) or 1-percentage-point higher (3.75 percent) than the current discount rate:

<u>1 Percent Decrease (1.75%)</u>	<u>Current (2.75%)</u>	<u>1 Percent Increase (3.75%)</u>
\$ 71,186	\$ 67,154	\$ 63,214

The following presents the total OPEB liability of the Board in 2019, as well as what the Board's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.71 percent) or 1-percentage-point higher (4.71 percent) than the current discount rate:

<u>1 Percent Decrease (2.71%)</u>	<u>Current (3.71%)</u>	<u>1 Percent Increase (4.71%)</u>
\$ 59,532	\$ 55,829	\$ 52,258

The following presents the total OPEB liability of the Board in 2020, as well as what the Board's total OPEB liability would be if it were calculated using a Healthcare Cost Trend Rates that is 1-percentage point lower (5.40 percent decreasing to 3.00 percent) or 1-percentage-point higher (7.40 percent decreasing to 5.00 percent) than the current discount rate:

<u>1 Percent Decrease (5.40% Decreasing to 3.00%)</u>	<u>Healthcare Cost Trend Rates (6.40% Decreasing to 4.00%)</u>	<u>1 Percent Increase (7.40% Decreasing to 5.00%)</u>
\$ 59,701	\$ 67,154	\$ 76,040

The following presents the total OPEB liability of the Board in 2019, as well as what the Board's total OPEB liability would be if it were calculated using a Healthcare Cost Trend Rates that is 1-percentage point lower (5.40 percent decreasing to 3.00 percent) or 1-percentage-point higher (7.40 percent decreasing to 5.00 percent) than the current discount rate:

<u>1 Percent Decrease (5.40% Decreasing to 3.00%)</u>	<u>Trend Rates (6.40% Decreasing to 4.00%)</u>	<u>1 Percent Increase (7.40% Decreasing to 5.00%)</u>

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the Board recognized OPEB expense of \$2,771. At December 31, 2020, the Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 3,008	\$ -
Changes in Actuarial Assumptions	1,147	-
Net Difference Between Projected and Actual Earnings on Plan Investments	-	29,210
Total	<u>\$ 4,155</u>	<u>\$ 29,210</u>

Deferred outflows of resources reported will be recognized in OPEB expense as follows:

Year Ended December 31	
2021	\$ (5,045)
2022	(5,045)
2023	(5,045)
2024	(5,045)
2025	(5,340)
Thereafter	465

For the year ended December 31, 2019, the Board recognized OPEB expense of \$4,396. At December 31, 2019, the Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected And Actual Experience	\$ -	\$ 15,386
Changes in Actuarial Assumptions	1,442	19,665
Total	<u>\$ 1,442</u>	<u>\$ 35,051</u>

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 4: Postemployment Benefits Other Than Pensions (Continued)

Deferred outflows of resources reported will be recognized in OPEB expense as follows:

Year Ended December 31	
2020	\$ (5,546)
2021	(5,546)
2022	(5,546)
2023	(5,546)
2024	(5,546)
Thereafter	(5,879)

Note 5: Retirement Pay

The Board offers union and non-union employees a choice between two benefit options. Option 1, Matching Deferred Compensation is described in Note 6. Option 2, Retirement Pay is described below. Employees hired after January 1, 2000, are only eligible for Option 1. Those employees with dates of employment before January 1, 2000 may choose whichever option is more beneficial to them.

The Board will make a retirement payment to those non-union employees who choose this option. The retirement payment will be \$2,000 for each year of completed employment with the Board. Non-union employees will be eligible for this severance payment upon reaching the age of 55 and having 3 or more years of service or upon having 30 or more years of service regardless of age (if first hired prior to July 1, 1989).

Union employees will be eligible for this retirement payment upon reaching the age for full retirement benefits as defined by PERA. Retirement pay will be paid over a five-year period in 60 monthly installments. If a separated employee dies before all or a portion of the retirement pay has been disbursed, the balance due must be paid to a named beneficiary, or lacking one, to the decedent's estate.

Retirement pay provided for an employee leaving employment may not exceed an amount equivalent to one year of pay. Currently, no employee is eligible for the benefit once they retire or will be eligible for this benefit in the future.

Management has elected to record the liability at gross payout using the parameters discussed above. While this amount exceeds an actuarially computed liability which would include assumptions regarding employee retention through the date of eligibility and discounting the liability using present value calculations, the difference is immaterial to the financial statements.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 6: Deferred Compensation Plan

A. Plan Description

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Board employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency. The amounts deferred by employees or related income on those amounts are not assets held in the Board's name and subject to the claims of the Board's creditors; thus the deferred compensation asset and related liability are not recorded on the Board's balance sheet.

B. Matching Deferred Compensation

For employees choosing this benefit option the Board will contribute an amount matching the employee contribution to the deferred compensation account on a dollar for dollar basis, but not to exceed an employer contribution of \$2,500 per year per employee for union employees and \$2,500 for non-union employees. New employees will be vested at the rate of 20 percent per year for the first 5 years of participation becoming fully vested after the 5th year. The Board contributed \$70,182 and \$64,743 in matching funds to the plan for the years ended December 31, 2020 and 2019, respectively.

Note 7: Other Information

A. Risk Management

The Board is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Workers compensation coverage is provided through a pooled self-insurance program through the League of Minnesota Cities Insurance (LMCIT). The Board pays an annual premium to LMCIT. The Board is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through Workers Compensation Reinsurance Association (WCRA) as required by law. For workers compensation, the Board is not subject to a deductible. The Board workers compensation coverage is retrospectively rated. With this type of coverage, final premiums are determined after loss experience is known. The amount of premium adjustment, if any, is considered immaterial and not recorded until received or paid.

Property and casualty insurance are provided through a pooled self-insurance program through the LMCIT. The Board pays an annual premium to the LMCIT. The Board is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through commercial companies for claims in excess of various amount. The Board retains risk for the deductible portion of the insurance policies and for any exclusions from the insurance policies. These amounts are considered immaterial to the financial statements.

The Board continues to carry commercial insurance for all other risks of loss, including disability and employee health insurance.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage.

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 7: Other Information (Continued)

B. Commitments and Contingencies

The Board has contracts with two suppliers from which they purchase power, Western Area Power Administration (WAPA) and Missouri Basin Municipal Power Agency (MBMPA) dba Missouri River Energy Services (MRES). The WAPA contract expires in December 2050, while the MRES contract expires in January 2057. During 2020 and 2019, power purchased from WAPA and MBMPA was expensed as follows:

	WAPA		MBMPA	
	Amount	Kilowatt Hours	Amount	Kilowatt Hours
2020	\$ 2,158,054	96,585,000	\$ 11,196,959	185,767,175
2019	2,154,300	96,279,000	11,714,138	194,934,212

In addition to the power purchased through MRES, Alexandria Light and Power expensed \$2,822,062 and \$2,849,943 in wheeling charges for 2020 and 2019, respectively.

C. Concentrations

Approximately 47 percent of the Board's labor force is subject to a collective bargaining agreement, which expires December 2022.

Note 8: Unrestricted Net Position

ALP Utilities board formally approved the following future Electric and Water Utility Projects:

Electric Utility

New Office Complex	\$ 5,000,000
New Substation Construction	3,500,000
Underground system	11,000,000
AMI System	1,500,000
Rate stabilization	750,000
Total Electric Utility	<u>21,750,000</u>

Water Utility

Land and water tower north project	1,500,000
AMI System	1,500,000
Water System Distribution Improvements	8,500,000
Total Water Utility	<u>11,500,000</u>
Total Future Projects	<u>\$ 33,250,000</u>

City of Alexandria, Minnesota
Board of Public Works
DBA ALP Utilities
Notes to the Financial Statements
December 31, 2020 and 2019

Note 9: COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus ("COVID-19") and the risks to the international community as virus spreads globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. In response to the pandemic, the State of Minnesota has issued stay-at-home orders and other measures aimed at slowing the spread of the coronavirus.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Due to the rapid development and fluidity of this situation, the Board cannot determine the ultimate impact that the COVID-19 pandemic will have on its financial condition, liquidity, and future revenue collection, and therefore any prediction as to the ultimate impact on the Board's financial condition, liquidity, and future results of its revenue collections is uncertain.

Notes to the Required Supplementary Information - General Employee Fund

Changes in Actuarial Assumptions

2020 - The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 - The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

Required Supplementary Information (Continued)
For the Year Ended December 31, 2020

Notes to the Required Supplementary Information - General Employee Fund (Continued)

Changes in Plan Provisions

2020 - Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 - The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 - The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter. The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016 - No changes noted.

2015 - On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

Schedule of Changes in the Board's Total OPEB Liability and Related Ratios

	2020	2019	2018
Total OPEB Liability			
Service cost	\$ 5,537	\$ 6,842	\$ 6,212
Interest	2,277	3,099	3,110
Differences between expected and actual experience	-	(17,950)	-
Changes in assumptions	3,511	(22,942)	2,034
Net Change in Total OPEB Liability	11,325	(30,951)	11,356
Total OPEB Liability - Beginning	55,829	86,780	75,424
Total OPEB Liability - Ending	<u>\$ 67,154</u>	<u>\$ 55,829</u>	<u>\$ 86,780</u>
Covered - Employee Payroll	\$ 3,056,470	\$ 2,934,724	\$ 2,649,274
Board's total OPEB liability as a percentage of covered employee payroll	2.20 %	1.90 %	3.28 %

Changes in Benefits

2020 - No changes in benefits

2019 - No changes in benefits

2018 - No changes in benefits

Changes in Assumptions

2020 - The discount rate was changed from 3.75% to 2.75% based on updated 20-year municipal bond rates.

Healthcare trend rates were updated to exclude the Affordable Care Act's Excise Tax on high-cost health insurance plan due to its repeal.

2019 - The discount rate was changed from 3.31% to 3.71% based on updated 20-year municipal bond rates.

Healthcare trend rates were reset to reflect updated cost increase expectations.

Medical per capita claims costs were updated to reflect the recent experience.

Mortality and salary increase rates were updated from the rates use in the 7/1/2016 PERA General Employees Retirement Plan to the rates used in the 7/1/2018 valuation.

The inflation assumption was changed from 2.75% to 2.50% based on an updated historical analysis of inflation rates and forward-looking market expectations.

2018 - The health care trend rates were changed to better anticipate short term and long term medical increases due to per capital claims costs and plan premiums.

Index rate for 20-year, tax exempt municipal bonds changed from 3.81% to 3.31%.

The discount rate was changed from 3.81% to 3.31%.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Members of the Board of Public Works
DBA ALP Utilities
Alexandria, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Board of Public Works DBA, ALP Utilities (the Board), a component unit of the City of Alexandria, Minnesota as of and for the year ended December 31, 2020, and the notes to the financial statements, and have issued our report thereon dated April 30, 2021.

In connection with our audit, nothing came to our attention that caused us to believe that the Board of Public Works DBA ALP Utilities failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Board's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Public Works
DBA ALP Utilities
Alexandria, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Board of Public Works DBA ALP Utilities (the Board), a component unit of the City of Alexandria, Minnesota as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated March 30, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

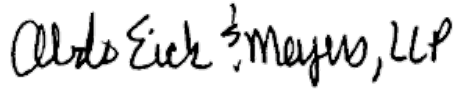

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
